

# Nottingham Arabidopsis Stock Centre (NASC)

<b>Resource Link</b>	<a href="#">Nottingham Arabidopsis Stock Centre (NASC)</a>
	
<b>Description</b>	The Nottingham Arabidopsis Stock Centre (NASC) provides seed and information resources to the International Arabidopsis Genome Programme and the wider research community. NASC and ABRC have a distribution agreement. NASC distributes to Europe and ABRC distributes to America. Laboratories in other locations may establish their primary affiliation with either centre.
